Intense Matching System

PANTONE® Shades Simulated From Seritone Base Colors

This booklet furnishes the necessary formulas to simulate all the colors in the PANTONE® Color Guide. The formulations used in this guide are hand matched and/or predictive simulations of the PANTONE®* references using UVivid 650 Series UV Flexo colors. The printed formulas were achieved using a 355.34 pw monofilament polyester flat screen to duplicate a Gallus KS 325, 25% opening or a Stork RM 305 13% opening rotary screen. The ink was printed onto a Leneta Card Substrate. The printed formulas were viewed in Daylight (D65) light source.

The Intense Matching System (IMS) has been designed to enable screen printers to simulate almost any shade from ten IMS Base Colors plus Shading Black, Tinting White, and Mixing Clear.

Each IMS Base Color has been carefully selected for its cleanliness of tone, resistance to fading, and suitability for intermixing. In addition, each ink has been formulated to be free of lead and other heavy metals.

Although every care is taken in producing these formulations, variations in substrates and printing conditions may affect the color achieved. Fujifilm Sericol USA Inc. assumes no responsibility for actual color achieved versus the Pantone standard print. For this reason, all formulations must be proofed prior to a production run to ensure color accuracy.

All formulations are percentages by weight using the following UVivid 650 UV Flexo colors:

DESCRIPTION	
650-064 IMS Yellow GS	650-230 IMS Blue GS
650-066 IMS Yellow RS	650-233 IMS Blue RS
650-114 IMS Orange	650-325 IMS Green
650-121 IMS Red YS	650-SB Shading Black
650-127 IMS Violet	650-TW Tinting White
650-164 IMS Red BS	650-MX Mixing Clear
650-165 IMS Magenta	

Fujifilm Sericol USA Inc's color mixing ink formulations for screen process printing produce only simulations of PANTONE Colors in this color reproduction method due to differences in ink film, opacity and pigment selection. The selection used in blending inks may cause metamerism. Pantone, Inc. assumes no responsibility for formula accuracy.

*PANTONE® is the property of Pantone Inc.
